

# APPLICATIONS FOR EPE & EPP FOAMS

**EPE- Low abrasion Class A surface, highly resilient, excellent multiple drop cushioning.**

Automotive Rack Dunnage  
Case Inserts  
Conservation Display and Storage  
Crate Liners  
Electronics Packaging  
Expendable Dunnage  
Gaskets  
Glass Separators  
Impact Padding/Shock Absorption  
Kayak Flotation and Roof Blocks

Landing and Crash Mats  
Marine Collars and Rounds  
Medical Positioners  
Military Ordinance  
Returnable Dunnage  
Seat Bases  
Temperature Control Containers  
Tool Control  
Tote and ATA Case Inserts  
Wall Padding

**EPP-high compressive strength with broad loading range, high energy absorption and service temperature.**

Appliance Parts  
Auto-Interior/Trunk  
Ballistic Panels  
Battery Packs  
Blocking and Bracing  
Body Armor  
Composite Cores  
Display and Signage  
Floater Pallets  
Flooring Underlayment  
HD Prototyping  
Industrial Pipe Supports  
Load Stabilizers

Missile Cradles  
Parts Stacking  
Reefer Partition  
Roof Enclosure Strips  
Shock/Impact/Vibration Protection  
Sound Blocking  
Thermal Insulation  
Tile Underlayment  
UAV Fuselage, Wings, Landing Pads  
Vending Machine Liners  
Void Fill and Spacers  
Water Sport Board Cores  
Window Spacers
